

**Habitat**  
for Humanity®

Huron Valley

Affiliate of Distinction 2015-2019

# Team Habitat

**Team Habitat** is designed for corporations, community organizations, school groups, faith groups and others to come together for a day of team building.

The combination of volunteer hours and financial contributions doubles the impact. Contribution covers the costs related to materials and supervision. Volunteer opportunities are also available in our ReStore warehouse.

## Team Habitat Benefits

**\$2,500**

**\$1,000**

## Volunteering with Habitat is FUN!

No prior construction experience is necessary, we have jobs for everyone. We work with 8-12 volunteers at one time.

Volunteering is a full day commitment (9 am - 4 pm). Please plan to work the entire shift with an hour break for lunch. Please arrive on time and check-in with the house leader.

## Become a Partner

By partnering with Habitat for Humanity of Huron Valley (HHHV) you bring strength, stability and self-reliance to local families and our community. You will be restoring hope, helping break the cycle of poverty and ensuring more children grow up in a stable home.

Your gift has an immense impact not only on one family or individual, but on our community as a whole. Because each Habitat partner family pays their mortgage directly back to Habitat, the funds that you provide to renovate homes will be continuously reinvested in our programs, allowing us to renovate more homes and offer other programs for more in need.

Your partnership improves the community we call home. **Let's build the future of our community together.**

## To schedule your Team Habitat day:

170 Aprill Drive Suite A  
Ann Arbor, MI 48103

734-677-1558

Habitat for Humanity of Huron Valley Sponsorship opportunities relate to the financial commitment made toward the renovation of a vacant Habitat house. Please note that the benefits are cumulative. Under the direction of the board of directors, HHHV retains complete control over the use and distribution of donated funds in furtherance of its mission. Volunteer opportunities may be customized to include construction and/or ReStore opportunities.
